Account Creation

Check your email

Well Done! You have successfully created an account for completing your pharmacy application. An email with your account information has been sent to john.smith@pharmacy.com. It has a link to confirm your account and complete the registration.

Not seeing the email?

- Please check your junk/spam folder.
- Verify the above email address is correct. If email address is incorrect, click 'Back' and recreate an account with correct email address.

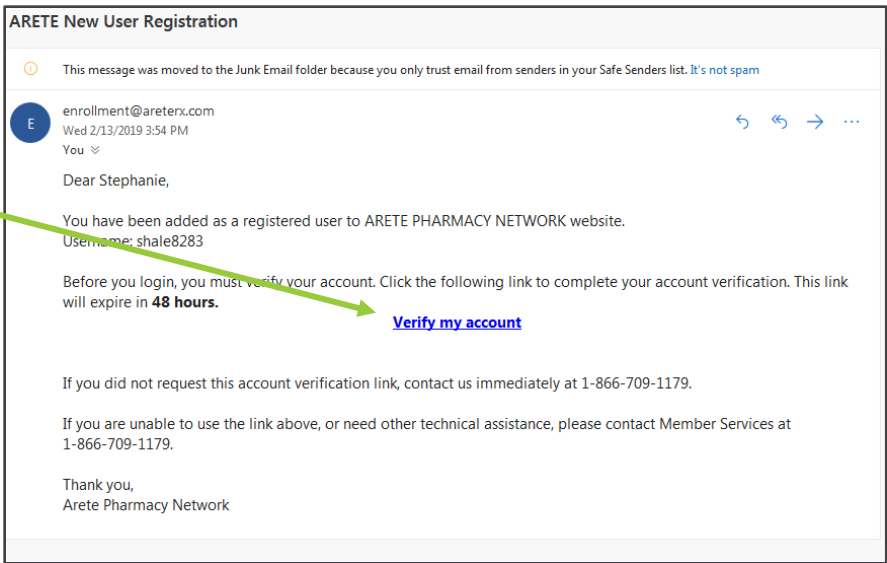

For assistance with your account creation, please contact Member Services at 1-866-709-1179.

Note: Confidentiality and Nondisclosure Agreement is effective as soon as account created.

An email will be sent to verify your account.

Click on the blue link.

Note: Verification link will expire in 48 hours.

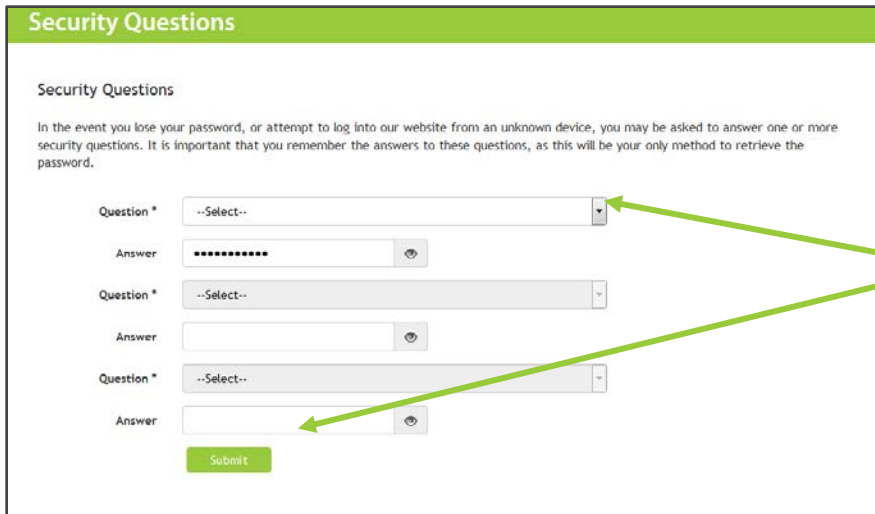

After clicking the verification link, you will be asked to answer security questions.

Click the drop down arrow and select questions from the list.

Enter answers to the applicable questions and click "Submit."

These questions will be used if you lose your password or attempt to login from an unknown device.

Security Questions

Security Questions

In the event you lose your password, or attempt to log into our website from an unknown device, you may be asked to answer one or more security questions. It is important that you remember the answers to these questions, as this will be your only method to retrieve the password.
